Mission

TRANSFORMATIVE - To provide compelling transformative learning experiences through educational opportunities and a collaborative learning environment centred on pioneering innovative delivery, ethical values, and economic as well as social transformation efforts.

GLOBAL - To be a leading globally connected university, diversely rich in culture and inclusiveness, and providing pathways for the exchange of knowledge and mobility programmes.

ENTREPRENEURIAL - To be the catalyst in a sustainable entrepreneurship ecosystem that promotes the development of an entrepreneurial culture as well as leaders with a global mindset.

RESEARCH & INNOVATION DRIVEN - To promote the culture of research and innovation in responding to national and global challenges; commercialising its interdisciplinary and translational research outcomes through entrepreneurship and incubators.

INDUSTRY EMBEDDED - To enhance a collaborative environment with industries, where applications of knowledge and research are incorporated into an industry-embedded curriculum that complements talent mobility activities, career pathways, and global community engagement efforts.

CARING INSTITUTION - To ensure the talented but disadvantaged are not impeded from achieving their dreams on account of unfavourable socio-economic station, and to accord appropriate opportunities for the gifted to actualise their true potential.

HOLISTIC EDUCATION - To mould holistic graduates through a balanced education that will enrich their personal, interpersonal and social skills through multi-disciplinary approaches, leadership, integrity, professionalism, and academic excellence, and nurture lifelong learning.

BETTER FUTURE - To generate excellent talents, lifelong learners, and responsible global citizens, and create diversified career pathways that help transform lives for a better future.

Vision

MSU aspires to be a leading transformative global university, engaging the society through entrepreneurship, research, innovation, industry embedment, and holistic education for a better future.

Shah Alam

'A vibrant and friendly city for all'

Management and Science University is located right in the heart of Shah Alam, the capital city of the state of Selangor. It is a city tailored for all, with much to see and do; from shopping malls and cafes, cultural attractions to parks and recreational centres. This 'Orchid City' offers visitors a variety of dining options from popular coffee outlets, bistros to fine dining restaurants; perfect for all budgets.

With a comprehensive public transportation system, visitors are able to have a smooth

commute to Kuala Lumpur, Malaysia's capital city and reach the Kuala Lumpur International Airport via the Express Rail Link (ERL) in just thirty minutes. Further expansions set to be completed in 2020 will see the LRT3 (Light Rail Transit) system which runs through strategic locations in Shah Alam; bringing better mobility and connectivity to commuters. An added bonus will be the Malawati LRT3 station which will be right next to MSU; providing easy access to all.

Regardless of where you come from, whether halfway across the world or a few kilometres away, Shah Alam is an ideal destination to continue your studies.

SUPPORT
to Meet Your Needs

1

Student Career Development

The Student Career Development department complements the faculties, schools and centres of learning of the university in areas of students' personal and professional developments. Its role is seen as an enhancer of students' character building through the activities that it organizes. Career based activities which are aimed at sharpening students' organizational skills and personal competencies are a common feature throughout any academic year.

Opportunities for entrepreneurial ventures are assimilated in various activities to provide the foundation and experience for students to embark into the world of business. Students are also given guidance in the areas of employment development whereby the department offers individualized assistance for students with all of their career-related needs.

Student Career Department also serves as a hub for campus life as a variety of students based events are jointly organized between the department and the various clubs and association under its care. The department also provides counseling and assistance on general welfare of students, housing and alumni networking.

Accommodation

One of the biggest concerns of any university student is finding the right accommodation. Since it is an integral part of your student life, here at MSU we are dedicated to helping you find the accommodation that fits your needs and provides you with a supportive learning environment right on the University's grounds. Through the Residence, MSU's very own on-campus student housing with 260 apartments and studio-styled accommodation, students have easy access to all the University's amenities. Your future residence comes with the basic necessities.

3

Library and Resource Centre

The resource centre services are geared to meet the needs of all students and staff. Extensive collections of learning and reference materials are available, including monographs, books, magazines, journals, theses, students' projects, mainstream English and Malay newspapers and past year exam questions.

In line with the connected world that we live in, MSU library provides on-line access to thousands of journals and electronic books. Users can access, download or print the journal articles or books via the MSU Student Portal. Through our online facility, users will be able to retrieve more than 130,000 e-books and thousands of journal articles in various disciplines or subjects. For those who prefer to peruse through traditional books, the MSU library currently holds more than 30,000 books.

MSU library is fully automated and our computerized Library Management Utility, will provide users with information about what is held in the collections and what has been borrowed, and also allow self-reservations and renewal of borrowings. Users can also do their own searching and status checking via the OPAC (Online Public Access Catalog).

“the MSU library currently holds more than 30,000 books”

4

Financial Assistance and MSU Scholarship

As part of promoting the culture of giving and being grateful, MSU allocates RM3 million yearly as financial assistance to deserving students. The funds are dispensed through various means including collaborative efforts between MSU and several public and private institutional partners. All scholarship and financial assistances are provided through the MSU Foundation and the following schemes:

PRESIDENT SCHOLARSHIP

MSU's very own scholarship is one such scheme that has over the years benefited many students. This is an award given to students who exhibit exemplary academic achievements and come from an economically challenged background.

JOINT SCHOLARSHIPS

Joint scholarship schemes such as SKOR Berita Harian and The Star Education Fund are some examples of MSU's involvement in ensuring the less fortunate gets to continue their tertiary education at MSU. The scholarship is opened to all Malaysians and the financial assistance awarded ranges from a full to a partial

scholarship. Details of the scholarship and application forms are available at the Registrar's office.

FELLOWSHIP & SLAB SCHEMES

In its effort to train qualified academics to manage the university's human capital needs and to further enhance its research and innovation activities, MSU offers fellowship awards to local and foreign candidates for graduate studies leading to Phd at MSU. The SLAB scheme, a fully funded internal programme aimed at developing academic staff in their pursuit of higher education, is another effort of the university among its staff-development initiatives.

5

MSU Foundation

'Yayasan MSU' or the MSU Foundation is a foundation for building excellence. The foundation is an embodiment of the aspirations of the Founder and President of MSU, Professor Tan Sri Dato' Wira Dr Mohd Shukri, who is passionate about helping those in need and driven towards excellence as well as scholarly success. The foundation itself is an extension of the university's commitment to education, lifelong learning and community engagement work, a reflection of MSU being a caring and giving institution. It is committed towards providing financial assistance and scholarships for research or academic pursuits to eligible recipients with the hope that the contribution will spark opportunities for social and economic improvements in the beneficiaries and the society at large.

Underlying this benevolent effort is the commitment to instill the values of excellence in the creation of quality human capital. This noble and charitable cause rests on the belief that the spirit of giving will eventually spur compassion, understanding and tolerance, essential ingredients in the creation of an integrated society.

Community engagement is also an area in which the Foundation its aims these are the uplifting of living standards in the urban poor and the provision of financial assistance to orphans. Various community engagement activities are targeted towards these groups annually. The Foundation's involvement also encompasses the poor in Indonesia, Thailand, Cambodia, Vietnam, Sri Lanka and India.

6

International Office

Welcoming international students from 37 countries is part and parcel of MSU's vision to become a global university of choice. The cultural diversity on campus brings exciting opportunities for all students to develop their globally mindedness, and social responsibility, and bolster their value to future employers.

SUPPORTING INTERNATIONAL STUDENTS

The International Office is committed to provide necessary assistance to all international students to make them feel at home from their moment of arrival.

If you are an international student, you can expect assistance by way of:

- a dedicated orientation programme upon your arrival,
- on-campus housing,
- professional consultations in matters such as immigration and visas, and
- friendly support from our International Student Society.

“on campus housing and friendly support from our International Student Society”

7

CEdEC Continuing and Extended Education Centre

CEdEC serves as the training hub of the university. It provides academic enhancement courses and personal enrichment opportunities for students, staff, businesses, and the surrounding community. The courses range in discipline and level, from Photography and Patisserie Arts to Effective English and Corporate Development programmes.

The courses and training provided fall under the categories of:

- Professional Development Courses
- Summer Programmes
- Youth Programmes

Centres of Excellence

In promoting a dynamic and robust entrepreneurial culture at the university, MSU has developed numerous platforms for the advancement of entrepreneurship efforts and research capabilities.

Leadership and Entrepreneurship Advancement Institute (LEAD)

LEAD plays a vital role in the entrepreneur ecosystem at MSU. Its main purpose is to inculcate the entrepreneurial mind-set in the university community as well as the surrounding communities through building an integrated entrepreneur network. LEAD further enhances the entrepreneur culture by acting as a conduit for eligible candidates to develop their innovative ideas into successful ventures.

Ideas are explored and developed into feasible endeavours. The idea conceptualisation through academic learning activities allow transformation into real life business opportunities that receive full support from MSU.

Information Technology and Innovation Centre (ITIC)

ITIC is the mainstay of all technological advancements in the university, providing computing resources to the research units of the university. It supports the development of high-speed computer technologies and promotes information exchanges, within MSU

and Malaysia and also internationally, through high-speed networks and research databases. Its research areas include knowledge and learning management system, campus management system, management information system, data communication infrastructure, and ICT security.

The International Centre for Halal Studies (ICHLAS)

ICHLAS undertakes the promotion and development of matters relating to research, training and education dedicated to halal products and services especially in Halal Cosmeceuticals and Pharmaceuticals. In its effort to be in the forefront of research, ICHLAS establishes partnerships and undertakes consultations with Halal-authority organisations in Malaysia, such as the Department of Islamic Development Malaysia (JAKIM), the Halal Industry Development Corporation (HDC), and other local independent companies.

At the international level, ICHLAS also associates itself with Josai University in Japan, Henan University in China, Burapha University in Thailand, the Indonesian Ministry of Health, and Budi Andhika cosmetics industry in Indonesia. ICHLAS is looking forward to be in the circle of global Halal industry players who complement each other, and especially to contribute to developing Malaysia's halal hub potential.

Applying to **msu**

We welcome you to join our vibrant MSU community. Come visit us during our open days and get a feel for the programme of your choice before you apply.

During the visit, there will be numerous activities lined up for you. Take a tour of the campus and faculties to look at the teaching and learning facilities. Meet with our friendly counsellors to get detailed information on the programmes at MSU. Talk to your future lecturers at their faculty demonstrations and to our students for an idea of your future university life here.
